PIUG 2020 Annual Conference Workshop

Title: **Get Up To Date with BizInt Smart Charts**

Time and location:

Monday, October 26: 12:00pm – 12:50pm; Socio Virtual Conference App

Abstract:

Join us for a review of the latest features in BizInt Smart Charts for Patents. Learn about new databases, new fields, and other improvements on STN, Orbit, PatBase, Derwent Innovation, and GenomeQuest. See how you can use the Update feature and the New Publications column to keep abreast of changes. And of course there will be time for your questions and requests (and dog videos). of importable results, additional exports,

_____

Presenter:

John Willmore, BizInt Solutions

Background:

John Willmore is co-founder of BizInt Solutions Inc., and manages the development of all aspects of the BizInt Smart Charts product line. John has a B.S. in Electrical Engineering from Rice University and over 20 years of experience developing software to work with patent and IP sequence data. Outside of work, John plays ice hockey and enjoys training and competing with his longhaired dachshunds..
